FIRST CHAPTER ENDED

Next Will Be Written at San Juan de Porto Rico

FIRST ONE TOOK TWO WEEKS

It Has Been a Rather Expensive One to Rotten Old Spain.

HER FATALITIES VERY LARGE.

Americans Lost About Two Hundred and Fifty Killed, and Two Thousand More Have Been Sent to Hospitals Sick or Wounded.

Washington, July 15. — The first chapter in the land campaign against Spain closed Thursday when the Spanish colors gave place over Santiago to the American flag.

Next will follow the transportation of the Spanish troops back to their native land and the capture of the island of Porto Rico, unless peace soon intervenes.

The siege of Santiago had lasted two weeks and was remarkable in many respects, and in none more than the heavy percentage of loss through death, wounds or sickness of the soldiers and sailors engaged on both sides.

Looking back over the record of these two weeks it is seen that a great ironclad squadron has been destroyed, that nearly 1,000 Spanish sailors have been drowned or killed by shell and flame, and that an untold number of Spanish soldiers have died in the trenches of Santiago.

On the other hand, about 250 American soldiers have been killed, and, in round numbers, 2,000 more have been sent to the hospitals from wounds, fevers and other ailments.

"NEXT IS PORTO RICO," said Secretary Alger after receiving news of Santiago's formal surrender; "and then, if need be, Havana." The secretary was in excellent spirits.

The secretary said the Porto Rican expedition would go forward immediately. It will comprise new men entirely.

The warriors in the trenches before Santiago have distinguished themselves, and it is not deemed prudent to bring them in unnecessary contact with new troops in view of the danger of spreading contagion.

The sick soldiers will be nursed back to health and brought to the United States as soon as they can be safely removed.

Immune regiments will be ordered to Santiago to garrison the town, and two of these regiments are already under orders to proceed.

The Porto Rican expedition will be commanded by General Miles in person, though General Brooke, now in command at Camp Thomas, is expected to be his main dependence.

The size of the expedition will depend upon General Miles' wishes, although it is believed that 25,000 men will be sufficient for the purpose.

NOT MUCH RISK.

At San Juan the navy will be of greater assistance than it was at Santiago, owing to the possibility of approaching the town more closely without risking contact with mines.

General Brooke is now on his way to Washington by direction of Secretary Alger, so that he will be in a position to make his views known to the department.

The experience gained in dispatching Shafter's expedition, it is expected, will aid the officials in their determination to make short work of the Porto Rican affair.

There will be plenty of transports available for the expedition, as the government has devised other means of removing the Spaniards captured at Santiago to Spain than by carrying them on these transports.

That the navy is ready to do its share at short notice goes without saying. Porto Rico is not expected to offer a very formidable resistance.

It is believed that the moral effect of the surrender at Santiago will be to discourage the defenders of San Juan.

PEACE MAY ENSUE.

There is, however, always the prospect that peace may ensue before hostilities have progressed against Spain's easternmost West Indian island.

Rumors were afloat to the effect that the Spanish government at last had made overtures in that direction, but their basis probably was the current belief that one more reverse to the Spanish arms would be sufficient to compel the Spanish government to sue for peace and this reverse was furnished by the surrender of Toral's army.

The navy department has not been affected by these rumors to the extent of relaxing any of its precautions or abandoning any of its plans, for Secretary Long stated unequivocally that Commodore Watson's eastern squadron would certainly go to Spain as soon as it could sail.

The territory surrendered to us by General Toral makes about 5,000 square miles. The Spanish soldiers to be sent to Spain is estimated at 10,000 men.

EXTENT OF THE SURRENDER.

Major Hopkins, the military aide to Secretary Alger, had spread before him a huge map of Cuba showing the surrendered zone turned over to the American troops.

The line begins at Ascerraderos, about 15 miles west of Santiago harbor, and then runs due north about 25 miles to Palmo Soriana.

Had the line continued due north it would have passed west of Holguin, thus taking the Spanish garrison at that point.

Evidently General Toral wished to avoid the inclusion of Holguin, so the line turns abruptly to the northeast of Palmo and runs to the coast town of Boca del Sagua on the coast.

The extreme length of this surrendered tract is about 110 miles and the extreme width about 50 miles, tapering to a less width, making in all about 5,000 square miles.

It is a rugged, mountainous country, with very few towns of any size. Santiago with its fine harbor is the main point, while Guantanamo is second in importance.

TO ROB UNCLE SAM

Of the Fruits of His Victory in the Philippine Islands.

Paris, July 15.—The Matin has received from its London correspondent, who has unusual sources of information, a dispatch in which he says the European chancelleries are now discussing the question of the eventual intervention of the powers in the Philippine islands.

The ambassadors at Berlin, the correspondent adds, have advised their governments respecting Germany's line of policy, which seems quite settled.

Germany would prefer the maintenance of the status quo, but if, as a consequence of the war, Spanish sovereignty disappeared, American sovereignty must not be its successor.

An international agreement, the Matin correspondent further asserts, will be established and the powers interested in the islands would each be called on to protect its own interests.

The correspondent adds: "This is the logical outcome of the Monroe doctrine, the principles of which will be employed by Europe in order to protect itself against American interference, and, unless appearances are deceptive, Great Britain, in spite of the talked of Anglo-Saxon alliance, will do the same as the other powers."

Germany Is Defiant.

Berlin, July 15.—The Lokal Anzeiger says the Americans are unreasonably excited about the Irene incident. "Even if it occurred as Admiral Dewey says," it declares officially, "the Irene did not interfere but retired immediately upon the arrival of the Americans. Therefore, every courtesy was shown the Americans' demand of a neutral country. But, if the Irene did hinder Aguinaldo's landing it is no business of Dewey's. If the American admiral sees fit to make common cause with the insurgent chiefs, it is none of our affair. Germany still preserves her neutrality towards Spain and does not intend to recognize Aguinaldo and his horde as belligerents."

Wants Peace Quickly.

Madrid, July 15.—Sagasta has declared that he is now convinced that the Americans would be defeated by the land forces in Cuba and that the Americans knew this themselves, but since Spain no longer has a fleet the Americans could starve the island without subjecting themselves to exposure of the Spanish bullets. Hence he has resolved to bring about peace as soon as possible.

Will Ask For Bids.

Washington, July 15.—It is the purpose of the war department to ask for proposals from all steamship companies which desire to compete for transporting the Spanish troops to Spain and the most advantageous bid will be accepted. The advices of General Shafter state that the number of Spanish prisoners will be between 12,000 and 15,000.

The Bennington Saluted.

San Francisco, July 15.—The gunboat Bennington left her anchorage and proceeded down the bay amid the tooting of many whistles and the dipping of flags from the merchant vessels. It is generally supposed that she is going to Honolulu, but nothing

positive as to her destination can be stated at this time.

France to Take a Hand.

Gibraltar, July 15.—It is rumored that a French squadron consisting of two battleships and three cruisers, will shortly proceed from Toulon to Tangier. Many families of Ceuta and Algeiras, fearing an American bombardment, are emigrating to Reonda and Jamura.

Carranza Fooled Them.

Montreal, July 15.—There are rumors here that Lieutenant Carranza did not sail with Senor Du Dose. It is stated positively that Carranza was impersonated by some unknown person and did not board the cattle ship. Where Carranza is now is a mystery.

Linares Will Lose an Arm.

Before Santiago de Cuba, July 15.—General Toral informed General Miles that General Linares would probably have to undergo amputation of the left arm at the shoulder.

More Than a Billion.

Washington, July 15.—The total subscription to the \$209,000,000 war loan, including syndicate offers, will amount to \$1,200,000,000. The limit of awards will be below \$10,000.

To Save the Cristobal Colon.

Off Santiago de Cuba, July 15.—Admiral Sampson sent the battleship Texas to make the wreck of the Cristobal Colon fast to the shore by hawsers and cables. The Colon lies bow

on the bank, stern in deep water. It is feared that a heavy sea would wash her into deeper water, as the bank is very steep, and it is impossible to float her. It has been decided to attempt to save and repair her.

Army Signal Corps.

Chickamauga, Ga., July 15.—The signal corps of the army is rapidly increasing in size and importance. It now numbers nearly 100 men, all of whom are rapidly becoming proficient in their work. Lieutenant Charles B. Rogan of the corps returned from Nashville with 10 recruits. Governor Tanner and party of Illinois reviewed the Illinois troops in the Kelly field.

Successfully Landed.

Key West, July 15.—The news of the successful landing of the Florida and Panita expeditions, which left here on June 25, has been received. The landing was effected early on the morning of July 3 at Palo Alto on the south coast of Cuba, but not until after several lively skirmishes with the Spanish forces.

At Canary Islands.

London, July 15.—Advices received here from the Canary islands, under date of July 4, said the two Spanish torpedo boats were still at Las Palmas and it was announced that a Spanish warship was at anchor at Tenerife. Ships were not allowed to enter the harbor after dark and the coast lights were extinguished.

War Appointments.

Washington, July 15.—The president made the following war appointments: Jacob F. Kent, to be major general of the volunteers; Samuel M. B. Young, to be major general of volunteers; Henry Carroll, to be brigadier general of volunteers; William W. Harts, to be engineer officer of volunteers, with the rank of major.

With Sick and Wounded.

Washington, July 15.—A dispatch was received by Adjutant General Corbin from Surgeon Legarde, in charge of the reserve division hospital at Siboney, Cuba, saying that the transport Seneca laid there for Fortress Monroe. She had on board 85 sick and wounded soldiers.

Nothing Known of It.

Berlin, July 15.—In response to an inquiry on the subject the correspondent here was officially informed that nothing, neither officially or unofficially, is known by the German government of the cruiser Irene's alleged interference with the insurgents at Subic bay.

Sailed For Annapolis.

Portsmouth, N. H., July 15.—The United States auxiliary cruiser St. Louis sailed for Annapolis, having on board Admiral Cervera and other Spanish officers captured at Santiago de Cuba on July 3.

They Were Not Spanish.

Alicante, Spain, July 15.—Six large warships passed here. They are supposed to have been French.

Fall of the Bastille.

Paris, July 15.—There was the usual observance of the national fête in celebration of the fall of the Bastille. The Strasburg, Joan of Arc and Bannette monuments were decorated with wreaths of flowers.

Has Yellow Fever.

New York, July 15.—Burr McIntosh, the war correspondent, has been ill with supposed yellow fever at Siboney. Stephen Crane had malarial fever, but has recovered.

BY ARBITRATION

Mining Disputes in Illinois May Be Amicably Settled.

Springfield, Ills., July 15.—It now looks as though the differences between the coal miners and operators throughout Illinois might be decided by arbitration. The operators at Pana have informed the state board of arbitration that they would agree to arbitration.

Ward Marble, president of the Chicago and Alton subdistrict, states that the miners of that subdistrict would be willing to wave all their rights under the Springfield scale and accept arbitration.

There are in the state at present on strike 5,000 miners, representing 22 towns and 32 mines. The striking miners are supported by their working brethren. All mines south of here on the Chicago and Alton are in a lockout.

Very Narrow Escape.

Maysville, Ky., July 15.—Mlle. Hanner of Cincinnati, while engaged here in sliding down a wire cable by her hair, came near having her brains dashed out. One end of the wire was attached to the top of a building, and the ground end was supported by wooden forks. Just in front of this fork four men were holding a net to catch her, but did not hold it high enough, and in making the descent she missed the net and struck her head against the fork, inflicting a scalp wound across the top of her head. The net caught her feet, thus preventing her from striking with full force.

The Cage Fell.

Madisonville, Ky., July 15.—A fearful accident occurred at the Monarch mines, near this place. As the second cage was descending with seven men, the engineer lost control of it and the cage fell to the bottom, a distance of 243 feet. Two men will die from their injuries. Three others received internal injuries. Two escaped injury altogether.

A Great Wheat Record.

Kokomo, Ind., July 15.—Lora C. Hoss claims to have the banner wheat record in the state. On two and one-fourth acres, near this city, he threshed 132 bushels of No. 2 wheat, or 58 1/2 bushels an acre. He had 16 acres additional that made 619 bushels, or 38 1/2 bushels an acre. Many other pieces in the country are reported at 35 bushels to the acre.

Indiana Postmasters Appointed.

Washington, July 15.—Indiana postmasters were appointed as follows: Catlin, Parke county, John M. Boatman, vice Jacob L. Odell, resigned; Heriberto, Morgan county, Thomas J. Newborn, vice Eli P. Kinnett, resigned; Jessup, Parke county, John H. Brown, vice Zollie Thorp, resigned.

New Company Organized.

Cleveland, July 15.—Colonel Myron T. Herrick, receiver for the Wheeling and Lake Erie railway, when asked about the proceedings which have just been begun here in the United States circuit court to foreclose a consolidated mortgage for \$3,000,000 on the road, said: "I presume that the action was commenced in view of the fact that a new company is now being organized and will in all probability take possession of the road."

Another Populist Candidate.

Sacramento, July 15.—The middle-of-the-road Populists have nominated T. W. H. Shanahan for governor and will meet again to name a full state ticket in opposition to that of the fusionists, headed by Congressman Makule. This will complete the split in the party.

A Strike Threatened.

Danville, Ills., July 15.—Notice has been served on the contractors at the National Soldiers' home by employees that unless there is an increase in wages and a reduction in hours from nine to eight per day a strike will be declared.

New President Elected.

Columbus, O., July 15.—Mr. Fred J. Heer has been elected president of Ohio Medical university, vice Dr. J. M. Dunham, resigned. Mr. Heer was a member of the board of penitentiary managers under the Campbell administration.

Placed in Dungeons.

Mansfield, O., July 15.—Sixty-five out of the 150 prisoners employed at the reformatory glove shop threw down their tools because they were not given tobacco. Twenty-one returned to work and 44 were placed in dungeons.

Express Car Robbed.

Reno, Nev., July 15.—Passenger train No. 1, eastbound, was held up one mile east of Humboldt. The express car was blown up and the safe blown open. The robbers escaped. It has not been given out how much they secured.

SANTIAGO HAS FALLEN

General Toral Hauls Down His Flag and Quits.

THREE O'CLOCK THE HOUR.

The Spanish Prisoners to Be Sent Back Home.

THERE WAS NO HOPE FOR THEM.

A Most Remarkable Coincidence Is That the Fall of Santiago Occurred on the Anniversary of the Fall of the Bastille in France.

Santiago de Cuba, July 15.—The Spanish general, Toral, surrendered at 3 p. m. Thursday.

This occurred while the people in Paris were celebrating the anniversary of the fall of the Bastille.

The only condition granted by the United States forces is that the Span-

ish prisoners will be sent to Spain by their captors.

While the exact number is not now known, it is estimated that there are between 12,000 and 15,000 of the prisoners.

Pando's Terms Accepted.

Cape Haytien, Hayti, July 15.—The following bulletin was issued by the French Cable company:

"Santiago de Cuba, July 14.—The capitulation of Santiago has been signed. The American government accepts the conditions of General Pando. The Spanish troops are to withdraw with military war honors and will be sent back at once to Spain."

SLEEPING SENTRIES

Are Fined and Given Days in the Guard House.

Chickamauga, Ga., July 15.—Officers in authority at Camp Thomas will not tolerate sentries sleeping on their posts, this being considered one of the very worst military offenses.

The result of the courtmartial trials for this offense have just been published from the headquarters of General Poland, commanding the Second division, First corps.

Private Waterhouse, company E, Fourteenth Minnesota, was sentenced to three months hard labor for sleeping on post. Private Wellington B. Whitehorn, company G, Sixth Ohio, was given a fine of \$60, \$10 to be paid each month for a period of six months. He will also be deprived of all privileges for a period of two months.

Private James VanHorn, company C, Thirty-first Michigan, pawned his uniform overcoat and was fined \$3 and given two months in the guard house. Lieutenant Setters of the Twelfth New York has finished trying about 40 men, who had been absent without leave. Some of them had been arrested and returned to camp by officers. The men were fined all the way from \$1 to \$10 and a few days in the guard house.

New Orders Issued.

Tampa, Fla., July 15.—Orders have been received here to stop loading of transports. Two batteries of heavy artillery, company K of the Seventh and company K of the Second, have joined General Roger's command to replace the first battalion First Florida regiment, which has been attached to the camp. The Florida men will rejoin their regiment.

Columbus, O., July 15.—Owing to an attack of heart disease, which overcame General John C. Whitaker, of Dayton, department commander of the Patriarch Militant, the parade was delayed. Later General Whitaker mounted and headed the parade.

For Kentucky.—Showers, southerly winds.

The Catlettsburg Daily Democrat has been enlarged to a seven-column eight-page paper. The BULLETIN is glad to note its prosperity.

The Spanish have lost sixteen war vessels and more than twenty merchantmen during the present war, while Uncle Sam has not lost a vessel, and but few men. How the haughty Dons must hate to glance at such a record.

MAJOR J. C. BRYANT (he's no longer Captain) is determined to keep his name in the papers. His latest escapade was a fight with the team master of his regiment down at Chickamauga. Bryant should be sent to Cuba and kept there.

A DISPATCH from Washington states that Congressman Pugh has withdrawn all opposition to the appointment of John Henry Wilson as Assistant District Attorney, and that he has obtained a position in the Interior Department for J. B. Wilhoit. If Wilhoit was out after any old thing just so it was an office, he'll now wade in and help Pugh in his fight for renomination. Pugh evidently feels that he needs all the help he can get in his present contest. But if he wins the nomination, he will have a much hotter fight next November.

DEPARTMENT OF THE NAVY,
 BUREAU OF NAVIGATION,
 WASHINGTON, D. C., July 6, 1898.
 Sir: The Department acknowledges the receipt of your telegram of the 5th instant, congratulating Admiral Sampson, on behalf of the Kentucky Press Association, upon his victory off Santiago de Cuba, and has to inform you, and, through you, the members of the association, that the same has been forwarded to Admiral Sampson.
 Very respectfully,
 S. W. DICKINS,
 Acting Chief of Bureau.

The above has been received by Editor Woolfolk, President of the K. P. A. The association was misled by the first reports of the victory, and the telegram of congratulations forwarded to Sampson should have gone to Commodore Schley. As Sampson did not win the victory, he will, of course, if he is a gentleman, hand the telegram over to Schley.

THE CONGRESSIONAL RACE.

Mr. Kehoe Has Not Yet Decided To Enter the Fight, but Will Settle the Matter in a Few Days.

[Brooksville Correspondence Augusta Chronicle.]
 Hon. J. N. Kehoe and Leslie Worthington, of Maysville, were here one day last week. Mr. Kehoe says that he has not fully made up his mind to enter the race for the Democratic nomination for Congress, but that he is receiving letters from all over the district, asking him to become a candidate. He will call his friends together in a few days and abide by their decision.

He says if he goes into the race, he will do so with a determination to win the nomination, and, if nominated, the election.

Our people are kindly disposed to Mr. Kehoe, and should he become a candidate, the one that beats him for Bracken's vote in the convention or in the district in the election would have to be a hustler. He is second to no man in the district when on the stump.

Knights of St. John.

Enquirer: "Prominent officers of the Knights of St. John of Cincinnati, Covington, Newport and vicinity will go to Maysville next Sunday to be present and assist in the annual inspection of the First Battalion of the Uniformed Knights of St. John belonging to the Second district. A grand dress parade and drill will also be given."

Republican Convention, Greenup, July 19th.
 For the above occasion the C. and O. will sell round trip tickets, Maysville to Greenup, at one fare, \$2.05. Tickets on sale July 18th. Return limit July 20th.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists."

ON BOARD THE TRANSPORT GATE CITY,
 CO. L, 1ST INF. ILL. VOL.
 KEY WEST, FLA., July 3rd, 1898.

My Dear Home Folks: We left Port Tampa on Thursday (the day after I wrote you) at 4:30 p. m. The earlier part of the day was spent in bringing our goods aboard. I got time to run down to Port Tampa City, a distance of two miles, and get a few little things that I needed. I think I am now as well equipped, in every way, as any man in the company. I have three good suits of underwear, with an extra undershirt, ten pairs of socks, two pairs of shoes, two blue shirts, one pair of trousers, a blouse, and last but not least a hat. The last thing I got was a hat. I got one not until a very few days ago. I have the biggest head in the regiment according to the requisition sheets. Besides the articles mentioned I have a good line of notions and incidentals such as those you sent me.

Our departure from Port Tampa presented an imposing spectacle. While the bands played a medley of Southern and Northern airs, and the crowds on the shore and on other vessels sent up many a ringing cheer which was trebly echoed by the soldiers on board, the gang planks were removed and a sturdy little tug slowly drew the big transport out of the dock. The crowd followed along the shore and piers out to the farthest point, and when cheers ceased to be audible white handkerchiefs continued to speak the God speed of patriotic men and women. The better to view the scene I have described, the like of which I may not again see, I climbed to the top of the mast. From this position, as the sun descended in the West, I watched for the first time the shores of my native land grow dim and disappear. The train of thought into which I voluntarily fell was suddenly interrupted by one of those sudden rainstorms that are common in this locality. All that night and all the next day we continued toward the southeast. We reached Key West and dropped anchor some time during the second night. I was only a little sick and have recovered from that. We are lying here awaiting the arrival of other troops who are to make their starting point with us here. It is reported to-night that we shall start from here to Santiago de Cuba to-morrow, on the glorious Fourth.

We got our pay up to June 1st, the day before we left Port Tampa. The only trouble is that we have no way to get the benefit of it since we can't buy anything with it. I paid for some pictures of scenes in our experience. There are two pictures of the first squad Co. L, and a picture of L. street in Camp Tanner, all of these I ordered sent to Pa. Two more men from the University of Chicago came on with the recruits. I was acquainted with them both. One is an ordained Baptist minister. He enlisted as a private.

I am in perfect health, and in just as good spirits as I ever was in my life. I don't have the slightest fear or misgiving. If I should not get back from this trip I shall feel that I could never have better spent my life, and I shall never on my own account have a feeling of regret. My only sadness comes when I think of the pain that would come to you, my dear parents, brothers and sisters. In such an event I can counsel you to reflect how it is the duty of every man to risk his life for his country and humanity. Only remember this, and I think that you will find any cross that comes easier to bear. When I get out of postage, as I soon shall, you will have to pay my postage for me when you receive my letters. Shall not seal this to-night, but leave room for a possible postscript to-morrow, stating any further developments that may occur in the plans of the expedition. With much love to you all, good night.

July 5th, 7 a. m.—We have been awaiting the arrival of the other transports which are to make up the expedition. It seems, however, that contrary to our expectations the expedition will comprise only the force from Port Tampa, our regiment and two others. We are bound for Santiago. We leave now shortly. They are getting up steam and the pilot has come on board. With love,
 HENRY.

MARRIAGE CERTIFICATES.

Ministers Must Attach a Ten-Cent Revenue Stamp on Such Documents. The Penalty.

Marriage certificates must now have upon them to be legal a ten-cent revenue stamp, says the Times-Star.

The minister is required to place a ten-cent adhesive stamp on the certificate before taking it to the court house for record. The law is very plain upon the subject.

A minister who fails to stamp a marriage certificate is subject to a heavy fine and the clerk of court who records a certificate without a stamp is equally liable to a fine.

A question has arisen if, whether a minister performs a marriage ceremony and gives a certificate and fails to put a stamp on the one that is left at the Probate Court for record and it is recorded without a stamp, that marriage is legal. The revenue law has nothing to do with the legalizing of marriages, but a minister or clerk who fails to heed the stamp law is liable to get himself into serious trouble.

FROM New York comes the news that the Morgan syndicate has raised the necessary \$8,000,000 to control the Monon and the C. H. and D. railroads. The Morgan syndicate in this case represents the Vanderbilt interests, and the Big Four is the road which it is well understood will absorb the Monon and the C. H. and D. The object of the Vanderbilts in getting hold of the Monon and the C. H. and D. is to reduce the number of systems north of the Ohio river to two, the Pennsylvania and the Vanderbilts. This will compass the same conditions north of the river as south of the river. The cutting of rates will then cease.

All have returned home except Professor Chandler, who is enjoying a trip to Chattanooga, Chickamauga, Lookout Mountain and will attend the meeting of the Confederate veterans at Atlanta next week.

CAMP CORBIN NEWS.

Counterfeit Nickels Cause Some Trouble. Presentation of Regimental Colors To Be a Gala Occasion.

Eight of the twelve companies of the Fourth Regiment have been mustered in. It is thought the examination of the other four will be completed in a few days.

There have been three cases of measles in the hospital.

Col. Colson appointed Lieutenant Col. Murray to select the regimental colors and service flag for the Fourth Regiment and the latter ordered them from the Cincinnati Regalia Company. The flag and the colors will be handsome ones and will cost over \$300. Contributions toward paying for them have come from all over the State. The day of their presentation will no doubt be celebrated very magnificently. Gov. Bradley will be requested to make the presentation speech, and there will probably be another prominent speaker to address the boys. Excursions will be run from all over the State, and it will be made the gala day of the encampment of the Fourth. The boys will all be uniformed and have their guns. Just what day will be designated is not yet known. It will be decided when Mr. Morris learns when the flags will get there.

Lexington Leader: "It seems that there are a few very bad counterfeit nickels in the possession of some men of the Fourth Regiment, for Thursday morning some soldier passed two on Willie Ham, a little seven-year-old boy who was selling pies. The transaction, according to the lad's story, took place on the Maysville company's street, yet the later investigation seemed to establish that none of the men of that company defrauded the lad. Lieutenants Cochran and Willis heard of the matter and immediately reported it to Lieutenant Colonel Murray. An investigation was immediately set on foot and Lieutenants Cochran and Willis and their men did all in their power to find the guilty party. Ham was taken to each man in the company, but could not identify any of them as the one who had given him the bad money. He stated that the man had on black pants and as all the men of the Maysville company have been uniformed it would appear that he was an outsider. The investigation will be continued and should the counterfeiter be found he will probably be turned over to the authorities."

THE Board of Second Battalion of Knights of S. John of the First district of Kentucky will meet in Maysville Sunday, July 17th, at Knights St. John hall.

A Continuation of Our \$7.65 Suit Sale.

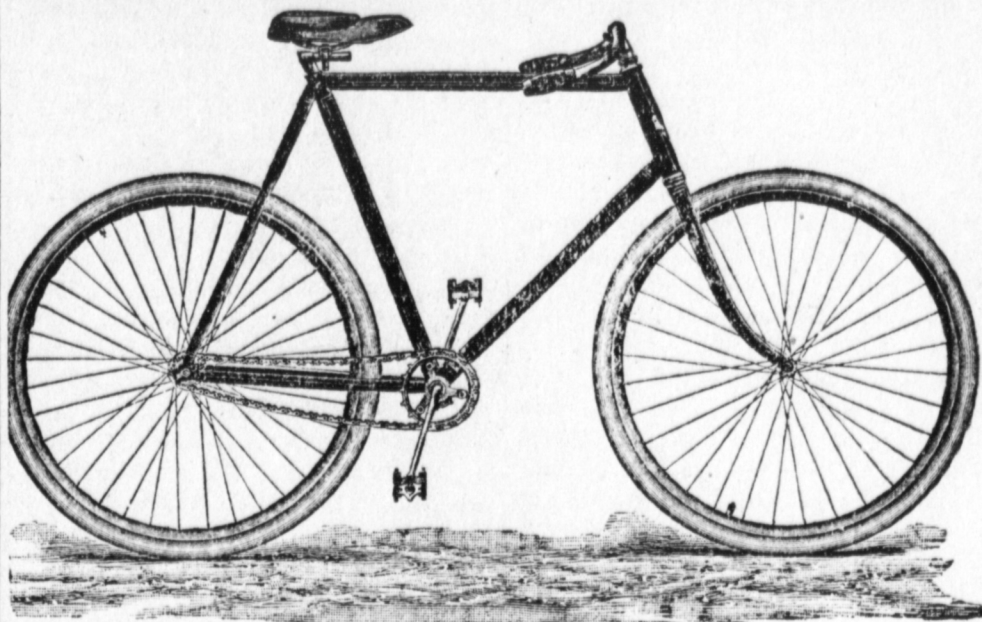

We will continue to sell \$10, \$12 and \$15 Suits for \$7.65 during this entire month. There are two reasons for this. One is that we find we have many more good Suits to put in this sale than we thought we had. The other reason is that our many country patrons are in the midst of the heaviest work of the year and did not yet have an opportunity to avail themselves of these splendid bargains, hence the sale continues during the month.

Don't Miss the Opportunity

of buying for \$7.65 a Suit of Clothes that would cost you from \$12 to \$15 elsewhere, and at these prices you would not pay too much for them. They are worth it. Respectfully,

SATURDAY

Is Now the Day For Weddings of the Fashionables.

[Philadelphia Press.]

To get married on Saturday is to be the fashion of the summer. Society is standing open mouthed at this new idea, for if there has been these last twenty years any one day regarded as peculiarly inappropriate and unlucky for weddings that day has been Saturday.

But of a sudden Saturday has been for the most elaborate weddings of the moment. The most important weddings of June have been set for that day of all days of the week, and Monday, Tuesday and Wednesday have been cast quite into the shade.

What has brought this change of feeling about among the brides can hardly be told.

Besides the prejudice that has always existed against Saturday itself, it has been the custom to have marriages take place in the early part of the week. Tuesday and Wednesday have been favorite days. Only those people as a rule who have been indifferent to public opinion have ever thought of getting married during the latter half of the week. This sudden making of Saturday as the fashionable wedding day of the spring and early summer is, therefore, little short of remarkable and is occasioning a great deal of talk.

THE FLAG FUND GROWS.

Many Responses to the Call For Cash To Secure Colors For Our Soldier Boys. Presentation Sunday July 24.

Maysville and Mason County should join heartily in the move to present their soldier boys with a handsome flag to carry with them to Cuba, Porto Rico or any other point to which they may be ordered. And the response ought to be prompt, as the colors should be presented before the company leaves Camp Corbin.

The necessary funds could be contributed by a comparatively few citizens, but those who have the matter in charge want as many of our citizens as possible to join in the move, and so suggested 25 cents as the limit of any single subscription.

Hand in your quarters or send them to the BULLETIN office and they will be reported and turned over to the committee. The following have contributed:

Fremont Park.

Manager Fremont is original in all his ideas; not once does he imitate. You know a thing must be pretty good when competitors take it up, but the crowds know where to go. In flocks they come to Fremont Park. Why? Simply because he gives them a big lot of attractions free—no price, no fee; you needn't bring your purse unless you want to go under the tent and see the only vaudeville show in these parts.

Last night was woman's night. Miss Hunter made a beautiful ascension—grace, ease and wing-like in her flight. Madam Fremont did the cable slide amid the applause of thousands. To-night Kid Hanner will be at the parachute bars and the woman will slide for life while the artists will give the usual performance under the tent. Amateur night. We invite you all to come and the show will please you more than ever.

LANDED IN THE RIVER.

Prof. Thompson, Electric Park Balloonist, Had An Unpleasant Experience Last Night.

Prof. Thompson, the daring aeronaut, last night at 8 o'clock made his fourth ascension this week at Electric Park. When the signal was given to cut loose, the Professor with a "good eye" to all, began his ascent toward cloudland, exploding beautiful fireworks all the time.

The wind was blowing towards the Ohio, and the airship was floating over the river when he cut loose his parachute. Downward he came with the speed of a meteor, amid a blaze of red fire, landing right in the middle of the river. Fortunately he was provided with a life preserver, and though he had a lively struggle, he managed to keep himself afloat until help reached him. He was quickly rowed to shore and in an hour made his appearance on the stage of the theatre as the "drowned rat" none the worse for his perilous adventure.

On Saturday night a most magnificent display of fireworks will be given in the clouds; a fine set piece, twenty-seven feet long and eighteen feet wide, representing the unfolding of the American flag, will be displayed in mid air, with numerous other pyrotechnics. This set piece has been in course of erection all week under the skillful hands of Prof. Hutchison, who is an experienced handler of fireworks, having spent four years under the tutelage of Pain, the "fireworks king." Grandest balloon ascension and pyrotechnic display ever given in this city.

Then in the theatre a clever vaudeville show is given, so come out and enjoy yourself.

It is all free to street car patrons who pay 10 cents for the round trip fare.

State Printing.

FRANKFORT, Ky., July 14.—The Printing Commission Board met in the Secretary of State's office at noon to-day and opened bids for reletting the State contract for printing. This contract was let to the Sowle Company, of Louisville, but was recently annulled. The George G. Fetter Company, of Louisville, had the lowest bid for printing of the first class and the Courier-Journal Job Company the lowest for the second class. The Board did not award the contract, owing to the restraining order of Judge Toney, preventing the letting of another contract until the Sowle case can be tried and settled.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

Dooley and Dewey.

[From a Chicago Paper.]

"Well," said Mr. Hennessy in tones of chastened joy, "Dewey didn't do a thing to him. I hope the poor lad isn't cooped up there in Minneapolis."

"Niver fear," said Mr. Dooley, calmly, "Cousin George is all r-right."

"Cousin George!" Mr. Hennessy exclaimed.

"Sure," said Mr. Dooley. "Dewey or Dooley, 'tis all the same. We dhrop a letter here an' there, except th' haiteches—we niver dhrop them—but we're th' same breed of fightin' men. Georgy has th' thraits iv th' fam'ly. Me uncle Mike, that was a handy man—was tould wanst he'd be sint to hell fer his manny sins, an' he deserved it, fr' l'aving out th' wan gin iv runnin' away fr'm annywan, he was booked fer iv'erything fr'm murder to missin' mass. 'Well,' he says, 'anny place I can get into,' he says, 'I can get out iv,' he says. 'Ye bet on that,' he says.

"So it is with Cousin George. He knew th' way in, an' it's th' same way out. He didn't go in be th' fam'ly inheritance, sneakin' along with th' can under his coat. He left Ding Dong, or whatever 'tisye call it, an' says he, 'Thank Gawd,' he says, 'I'm worse McKinley can't give me his ideas iv how to r-run a quilting party an' call it war,' he says. An' so he sint a man down in a divin' shute an' cut th' cables, so's Mack cudent chat with him. Thin he prances up to th' Spanish forts an' hands thin a few oranges. Tosses them out like a man throwin' handbills for a circus. 'Take that,' he says, 'an' raymimber th' Maine,' he says. An' he goes into th' harbor, where Admiral What-th-'ell is, an' says he, 'Surrinder, he says. 'Niver,' says th' Jago. 'Well,' says Cousin George, 'I'll just have to push ye ar-round,' he says. An' he tosses a few slugs at the Spaniards. Th' Spanish admiral shoots at him with a bow and arrow an' goes over an' writes a cable. 'This morn' we was attacked,' he says. 'An', he says, 'we fought th' inimy with great courage,' he says. 'Our victry is complete,' he says. 'We have lost iv'rything we had, he says. 'Th' threacherous foe,' he says, 'after dhstroyin' us, sought refuge behind a mud-scow,' he says, 'but nawthin' daunted us. What boats we cudden't r-run ashore we surrinderd,' he says. 'I can not write no more,' he says, 'as me coat tails are afire,' he says, 'an' I am bravely but rapidly leavin' fr'm van vessel to another, followed be me valiant crew with a fire engine,' he says. 'If I can save me coat tails,' he says, 'they'll be no kick comin', he says. 'Long live Spain, long live me!'

"Well, sir, in twenty-eight minyits be th' clock Dewey he had all th' Spanish boats sunk an' that there harbor looking like a Spanish stew. Thin he r-run down th' bay an' handed a few war-rms into th' town. He set it on fire an' thin wint ashore to war-rm his poor hands an' feet. It chills th' blood not to have anything to do for an hour or so.

"Thin why don't he write something?" "Write?" echoed Mr. Dooley. "Write?" Why shud he write? D'ye think Cousin George ain't got nawthin' to do but to set down with a fountain pen an' write: 'Dear Mack: At 8 o'clock I began a peaceful blockade iv this town. Ye can see th' pieces iv'rywhere. I hope ye'er in-iv'yn' th' same gr-reat blessin'. So no more at prisint. Fr'm ye'ers truly, Geo. Dooley.' He ain't that kind. 'Tis a nice day an' he's there, smoking a good tinct see-gar an' throwin' dice fr' th' dhriunks. He doesn't care whether we know what he's done or not. I'll bet ye whin we come to find out about him we'll hear he's llicted himself king iv th' P'lipine islands. Dooley th' Wanst. He'll be settin' up there under a pa'm three with naysays fannin' him an' a dhrop iv licker in th' hollow iv his ar-rm, an' hootchy kootchy girts dancin' before him an' iv'ry tin or twinty minyits some wan bringin' a prisoner in. Who's this?' says King Dooley. 'A Spanish gin'ral,' says the copper. 'Give him a typewriter an' set him to wurruk,' says th' king. 'On with th' dance,' he says. An' after awhile, whin he gits tired iv th' game, he'll write home an' say he's got th' islands, an' tur-rn them over to th' government an' go back to his ship, an' Mark Hanna'll organize th' P'lipine Islands Jute an' Cider comp'ny, an' th' rivolutchinists'll wish they hadn't. That's what'll happen. Mark me wurruk."

PITHY POINTS.

Cervera wasn't slick enough to get past Schley. Dover is certainly well off if whisky is all she needs to complete her equipment.

One would have thought that about the last thing Dover needed would be saloons.

Sampson isn't sly enough to cheat his Lieutenant out of the honor of having achieved the greatest naval victory of modern times.

The people of Dover wouldn't invite the plague or the smallpox to come to their town, yet they are doing infinitely worse when they invite whisky.

The people of Dover are old enough to know what they are doing, but they are certainly making a great mistake in inviting John Barleycorn to come among them.

Cervera, we suppose, would testify that it was the man he ran against in coming out of Santiago harbor who put him and his fleet to so much inconvenience and not one who was very near out of sound of the engagement.

The whisky traffic is the same everywhere, it's promoters being prominent in wealth and the influence that wealth gives; while the only prominence that its miserable dupes ever attain is at the bar of police courts or the gallows.
